

Let me be your voice in Brussels!

Hello!

Do you know that there is an election on June 9th?

Sweden and Europe are going through a difficult time, and we are at a crucial juncture in history. That's why this year's election is more important than ever – an election that is about unity or division in Europe.

Therefore, we seek your support to advocate for a EU that:

- **Fights for democracy.** Across countries, the far right is growing. Their politics pose a threat to the equal value of all people and fundamental democratic rights.
- **Takes shared responsibility.** War and conflicts force many people to flee. No single country can handle large refugee flows alone. That's why a common asylum system is needed in the EU.
- **Takes action for better working conditions.** Free movement within the EU must not mean that people are exploited. In Sweden, Swedish wages and conditions should apply – for everyone.

The Social Democrats and Europe need your vote on June 9th!
